TO WHOM IT MAY CONCERN

The undersigned Archbishop of Central America of the Syriac Orthodox Church of Antioch, through this letter states the following:

1. Sister Hatune Dogan, on behalf of the Hatune Foundation Helping Hand to the Poor, has visited different parishes and communities of our Archdiocese from March 7th to 17th, in many different areas: Guatemala, Chimaltenango, Alta Verapaz, El Quiché, Solola and Huehuetenango and stayed at our Seminary in San Lucas Sacatepequez.
2. During her visit we were able to inaugurate 12 projects that have received some financial help from different people in Europe. Until now the only financial help that we have received to support our people it has been the one that we have received through Sister Hatune.
3. She was able to realize how deep the social and human needs of our people are: most of the people are living in extreme poverty and they are exposed to many difficult situations like the lack of education for children youth and women and the need for health care. Thus they urgently need the creation of Centers for education and human development for children, youth and women, as well as clinics.
4. The leaders of the communities and the priests, knowing about the Foundation, asked her to be like a bridge between them and factories, companies and institutions in other parts of the world, to try to find the ways to support them and help them resolve the many challenges that they are facing.
5. Upon the request of our people and priests and the readiness of Sister Hatune to knock doors and to find ways to support them, we bless Sister Hatune and authorize her to try to search support for financing projects to help the communities and institutions of the Archdiocese of Central America.

We deeply appreciate the support that will be granted to us and on behalf of myself and the communities of the Archdiocese that will benefit from the projects accepted, we commit ourselves to use the donations exclusively for the purposes for which they are granted and to write a report at the end of every project, explaining the use of the grant and the results that were achieved.
San Lucas Sacatepequez, March 16th, 2017.

Sincerely in Christ
